1. EdTech Platform:

EdTech is eLearning platform application, where users can register and browse the engineering courses.

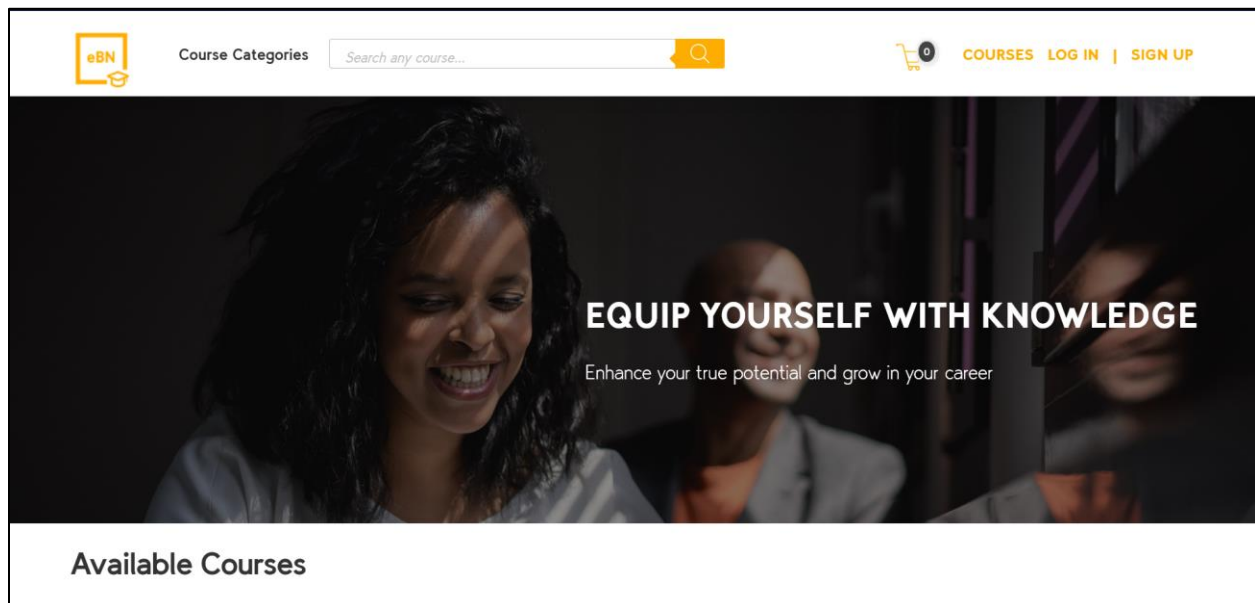

1.1 <https://courses.ebn.bridgenowacademy.com/>

Users can navigate the eBN application using URL [eBN \(https://ebn.bridgenowacademy.com/\)](https://ebn.bridgenowacademy.com/) on any web browser.

1.2 Introduction:

eBN is web eLearning application platform, eBN offers unique courses with the following categories like Aerospace Engineering, Automotive Engineering, Aviation, Drone Technology, Augmented reality, Health care, Information Technology.

1.3 Home Page:

1.4 About Us:

<https://ebn.bridgenowacademy.com/about-us/>

1.5 Contact Us:

<https://ebn.bridgenowacademy.com/contact-us/>

1.6 Terms & Conditions:

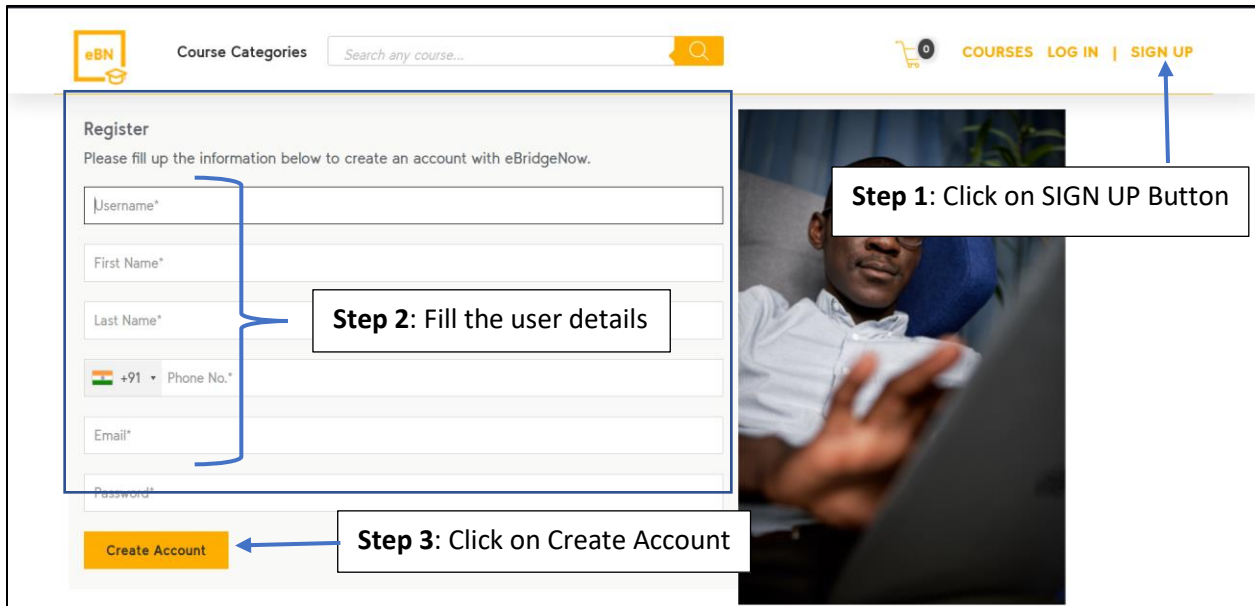

<https://ebn.bridgenowacademy.com/terms-conditions/>

2. Registration:

2.1 SIGN UP:

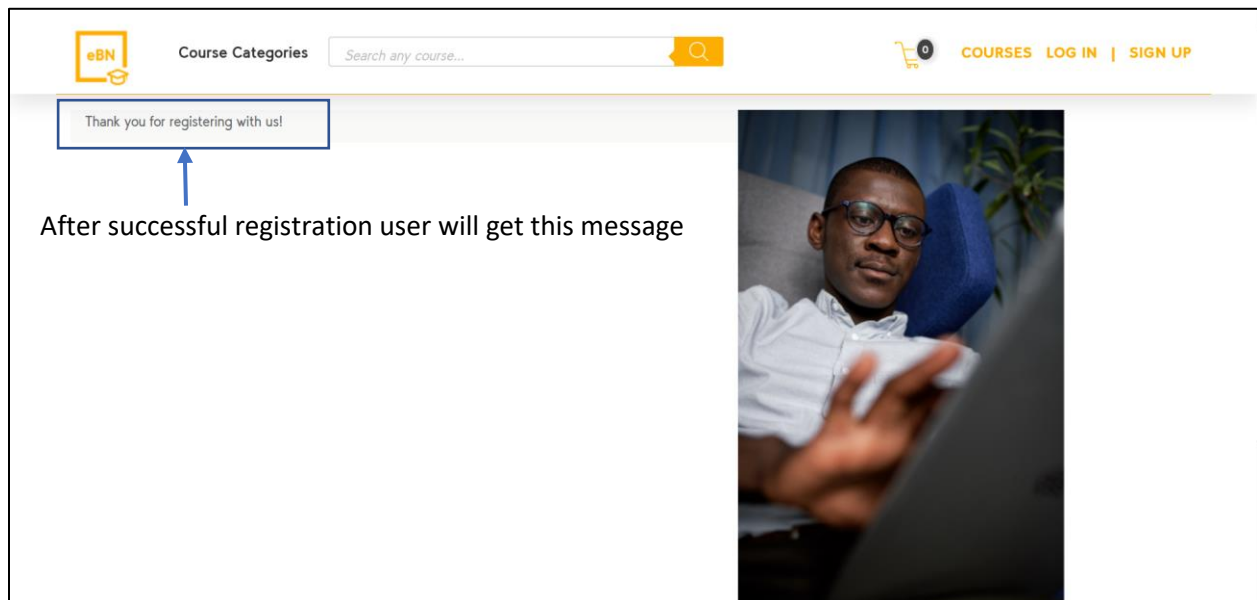

Users can register their account with the following details like First Name, Last Name, Email, Phone Number, and Password. Click on the 'Create Account' button to complete the signup process.

The screenshot shows the eBN registration page. At the top, there is a navigation bar with the eBN logo, a search bar for course categories, and links for COURSES, LOG IN, and SIGN UP. The main content area features a 'Register' form with the following fields: Username*, First Name*, Last Name*, Phone No.* (with a dropdown for country code, currently showing +91), Email*, and Password*. A blue bracket groups the first four fields, labeled 'Step 2: Fill the user details'. A blue arrow points to the 'SIGN UP' link in the top right, labeled 'Step 1: Click on SIGN UP Button'. Another blue arrow points to the 'Create Account' button at the bottom of the form, labeled 'Step 3: Click on Create Account'. A background image of a man looking at a laptop is visible on the right side of the form.

After registration, users would receive a verification email that contains the URL link. Users have to click on the link to verify the email and to activate the account.

2.2 Password Reset:

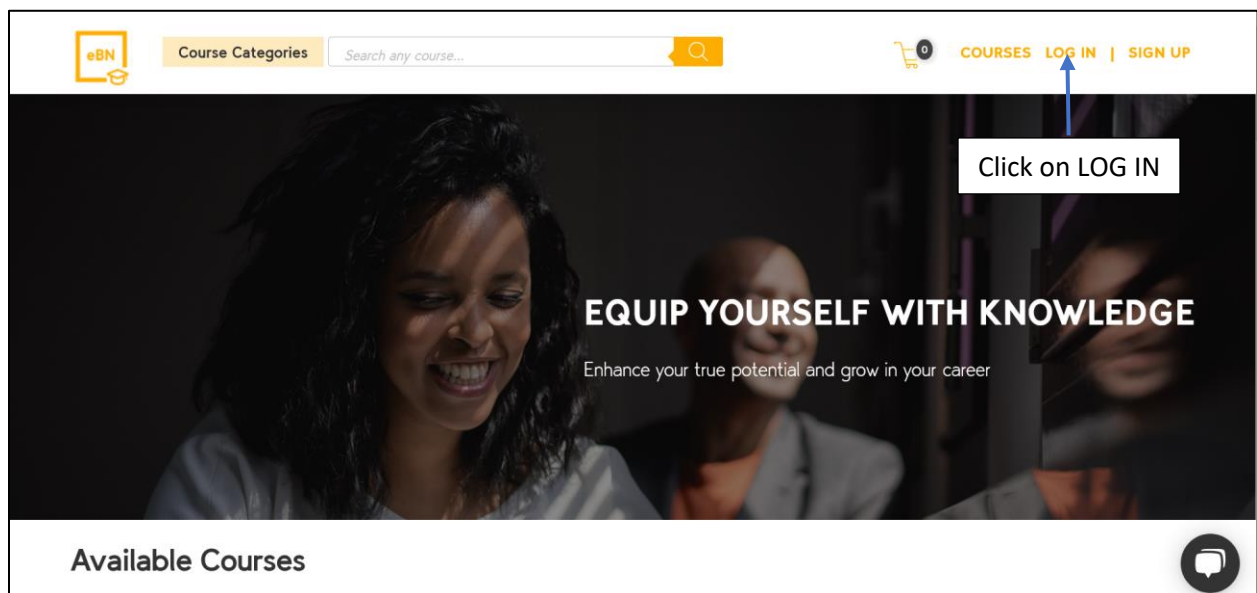

Users can reset their password using the forgot password option, a reset link will be sent to the registered email.

2.3 Login:

Click on the login button to enter the user's credentials.

Note: Users will be able successfully login only after verifying the URL.

- Once users click on the login button, the application will populate the User Name and Password fields.

Enter LOGIN credentials

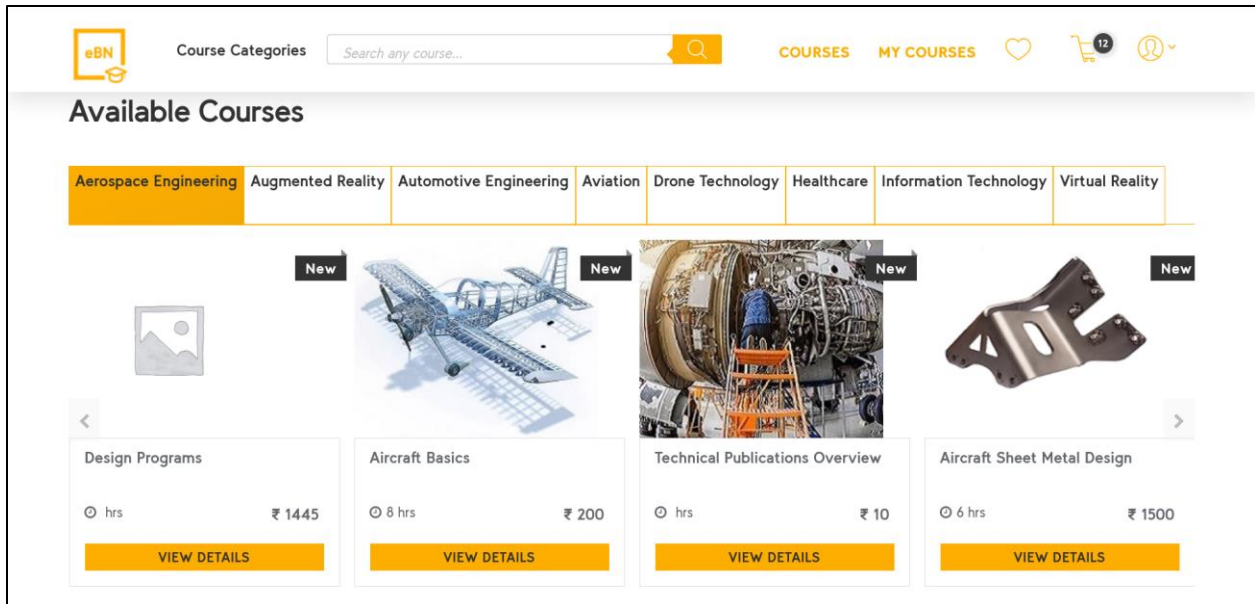

Click on LOGIN

- Users will be forwarded to the dashboard page after the successful login.

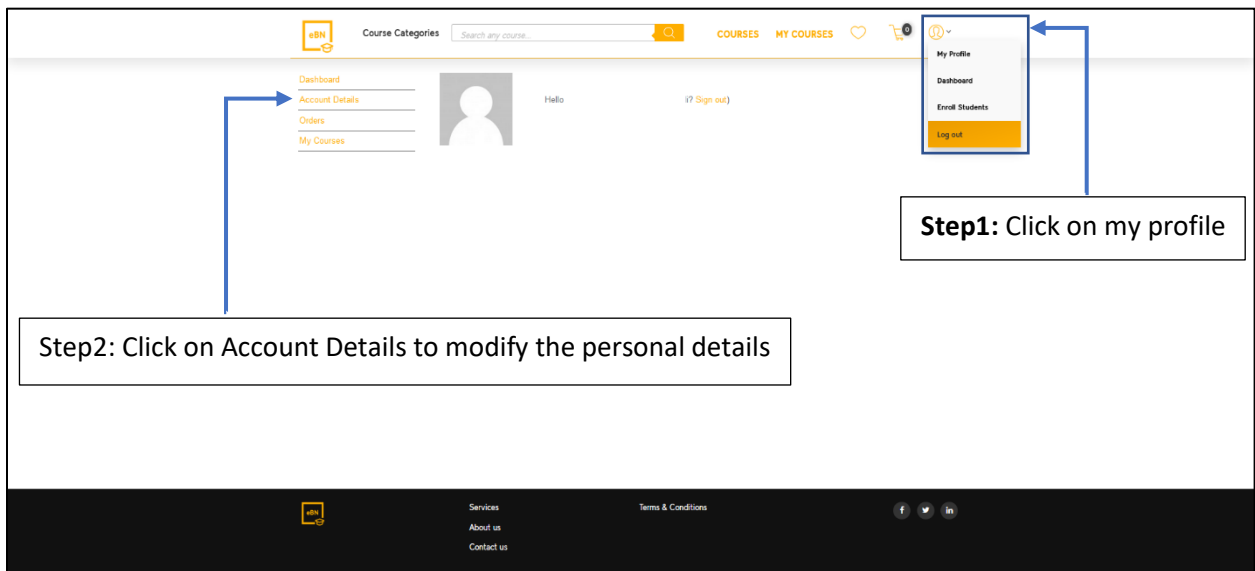

- Under the dashboard section, users can find the available courses, and can navigate through course categories, Courses, Mycourses, Wishlist, Cart, Account settings.

3 User Profile:

Using user profile, users can modify the personal details like first name, last name, city, country and users can change the password.

The screenshot shows the 'Edit Account Details' page. It has a sidebar with links: Dashboard, Account Details, Orders, and My Courses. The main content area has two sections: 'Account Details' and 'Password Change'. The 'Account Details' section contains input fields for First Name, Last Name, Nick Name, E-mail, Country (a dropdown menu), and City. The 'Password Change' section contains input fields for Current Password, New Password, and Confirm Password. A 'Save Changes' button is at the bottom. Annotations with arrows point to these sections: 'Personal details can be changed here' points to the Account Details section, 'Password can be changed here' points to the Password Change section, and 'After modifications click on Save changes' points to the Save Changes button.

4 Categories:

Currently eBN application is offering the course on below categories.

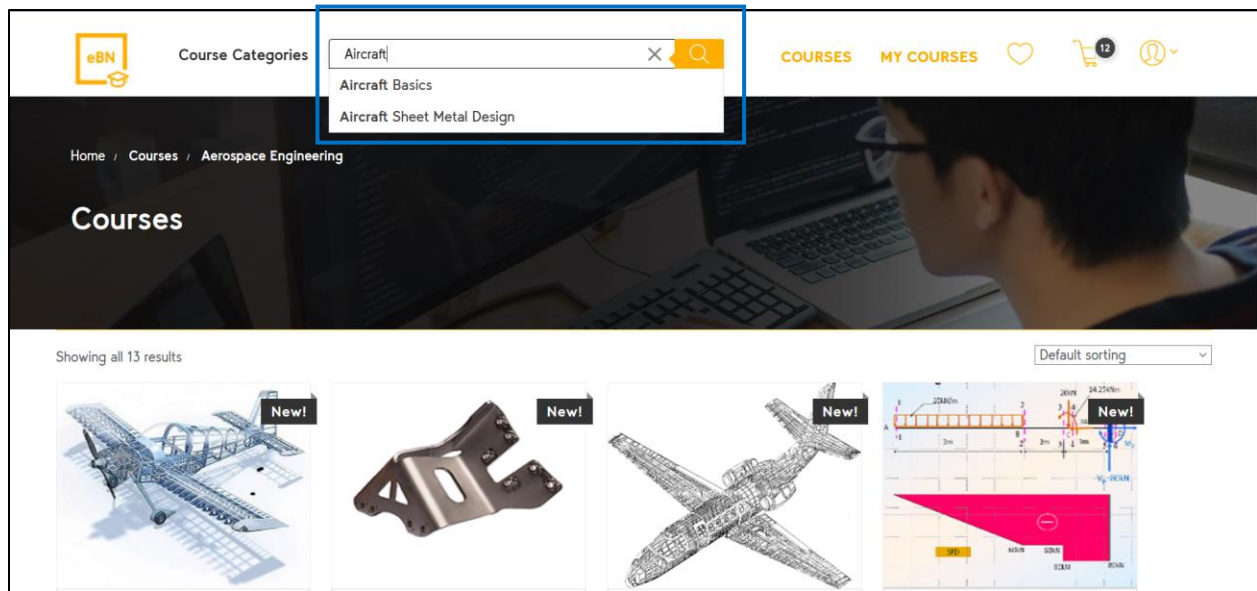

1. Aerospace Engineering
2. Automotive Engineering
3. Aviation
4. Drone Technology
5. Augmented reality
6. Health care
7. Information Technology

Aerospace Engineering	Augmented Reality	Automotive Engineering	Aviation	Drone Technology	Healthcare	Information Technology	Miscellaneous	Registration	Virtual Reality
 Aircraft Electrical System 4 Hrs ₹ 800 VIEW DETAILS	 Aircraft Mechanical Systems 8 Hrs ₹ 800 VIEW DETAILS	 Design Programs Hrs ₹ 1445 VIEW DETAILS	 Aircraft Basics 8 Hrs ₹ 200 VIEW DETAILS						

4.1 Search with course name:

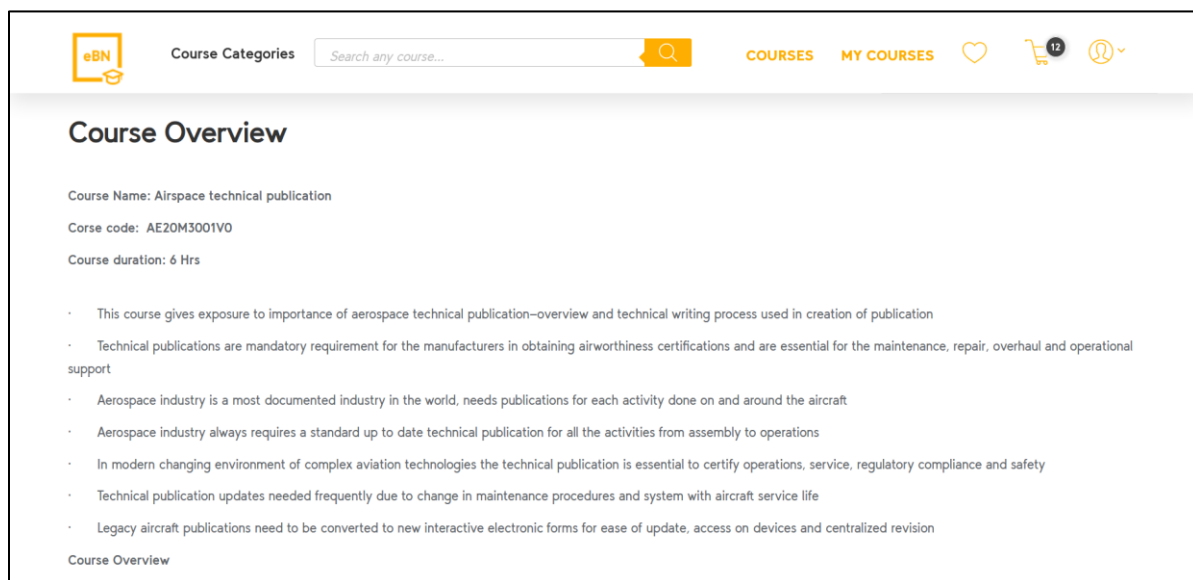

Users can search the course name through the search box. The application will fetch and provide the suggestions based on keywords.

4.2 Course Description:

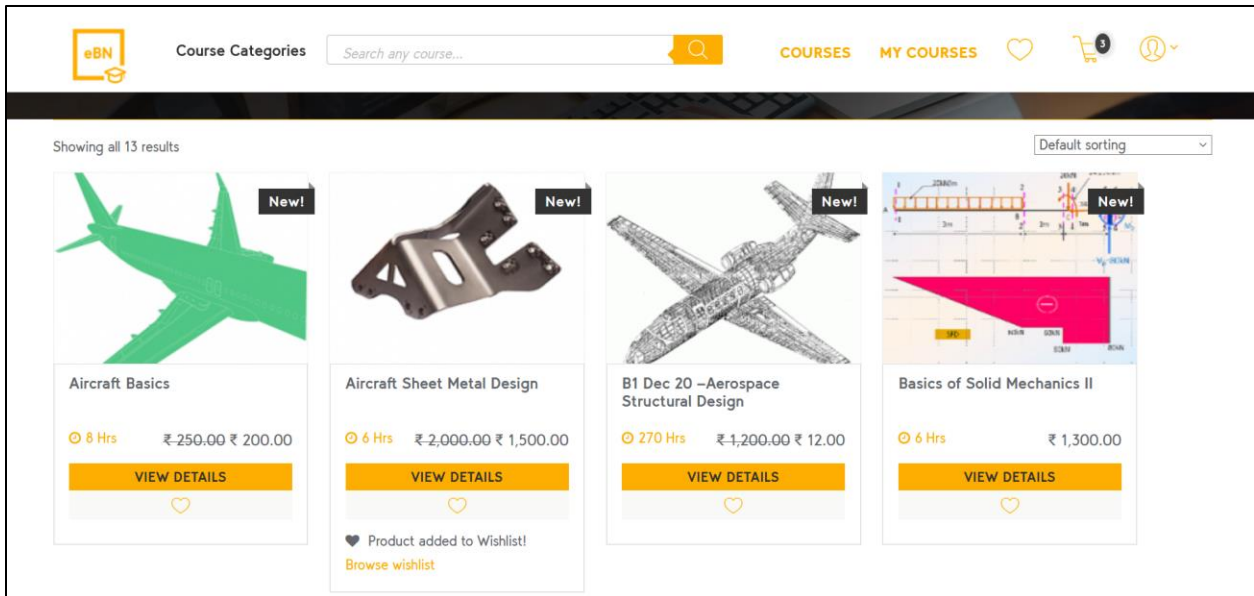

Users can find a brief summary about the course also other information's like course duration, course structure, perquisites, training method.

5 Enroll:

5.1 Adding Course to Wishlist

Wishlist allows users to create a personalized list by adding the courses to it. Courses will be saved under user account -> Wishlist, users may purchase those courses later.

6 Training:

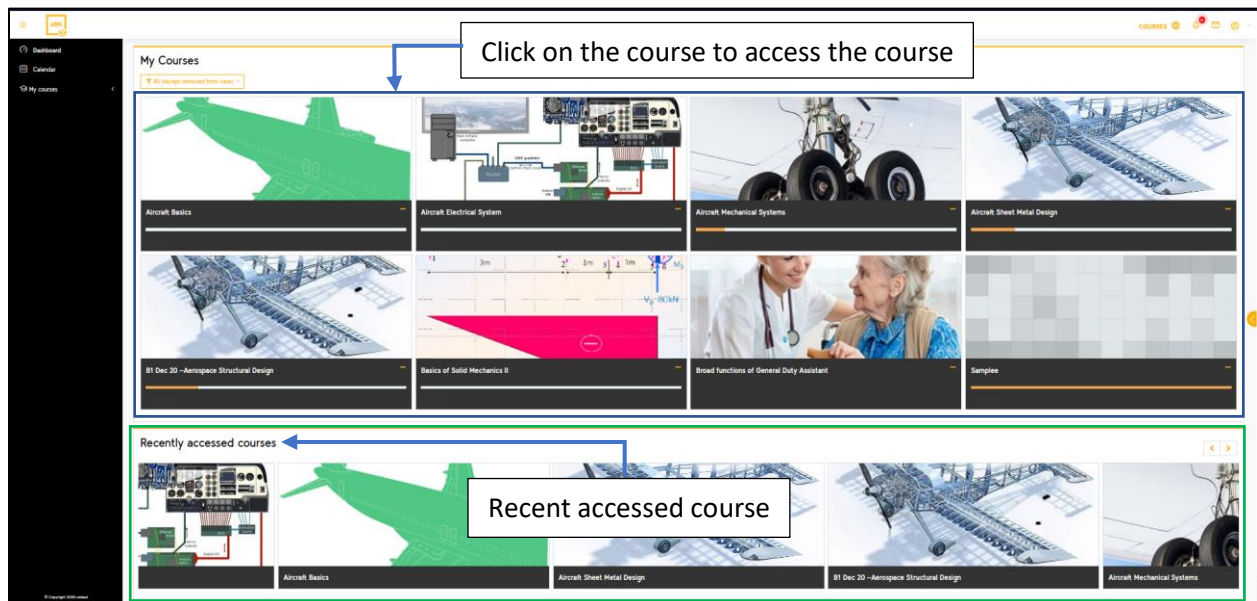

6.1 My course list:

Click on My course on user's home page it will redirect to the LMS platform (Learning management system) to display all the owned/registered courses.

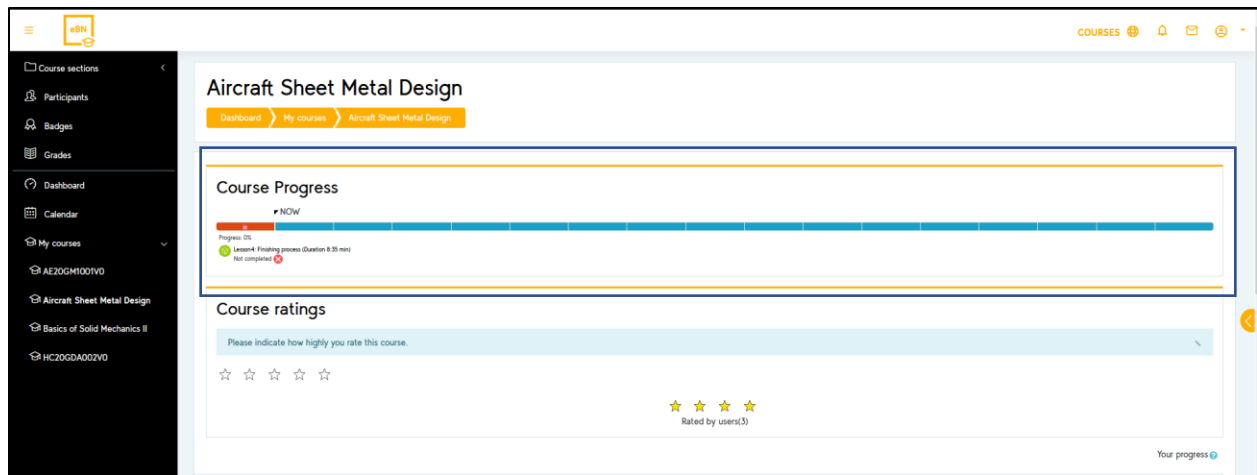

6.2 How to Access the Course:

Select the course to open the course content page.

6.3 Course Progress Tracker:

Course completion progress will be tracked by the application and measured in terms of percentage.

6.4 Course rating:

Users can rate the course based on the content of course and UI experience.

6.5 Content Management:

Click on the course to display the course contents under my courses page.

Dashboard -> My Courses -> Click on Course

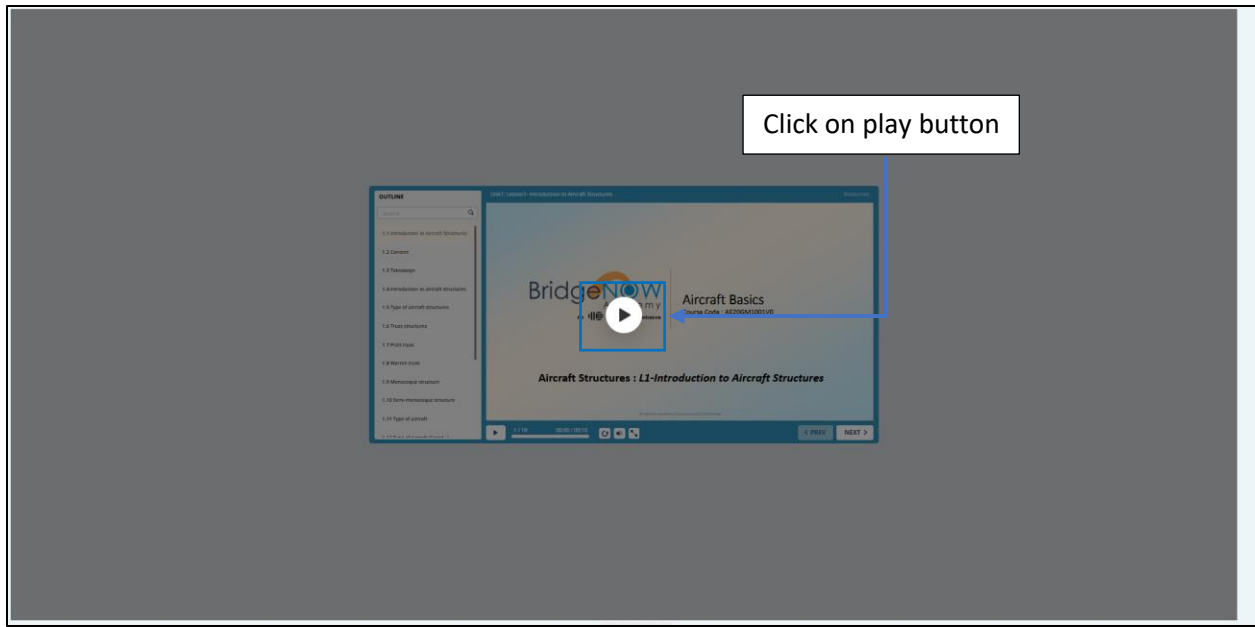

Note: It is individual table of content, structure may change from course to course.

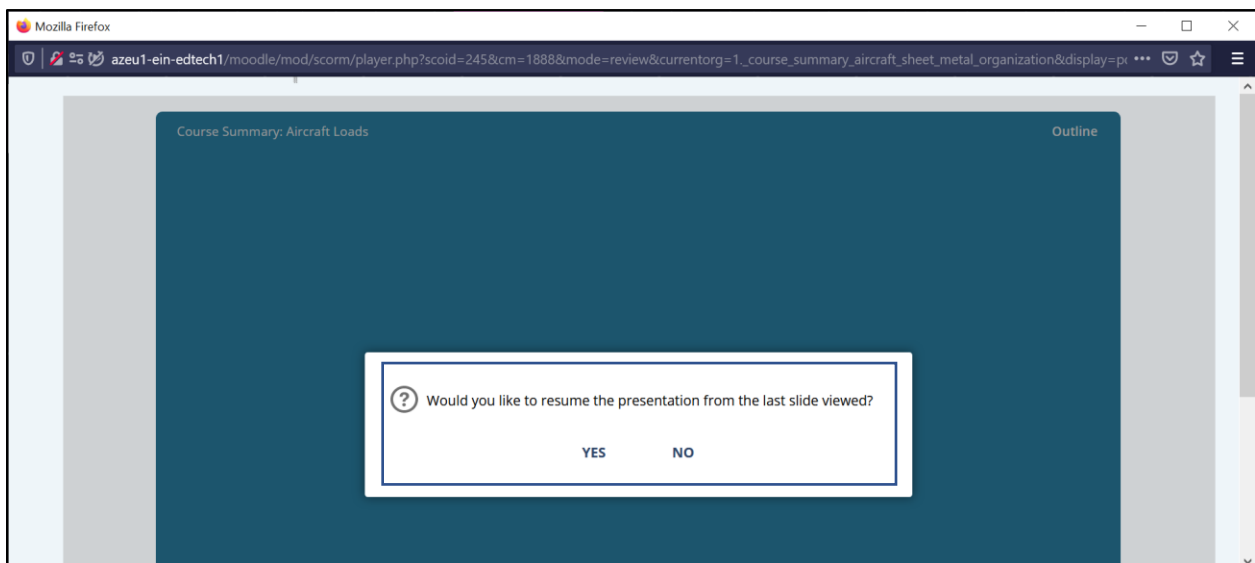

6.6 How to Start or Resume a course(SCORM Package):

Click on the topic to start the course, the application populates a web browser window to stream the course. Click on the play button to play course.

Note: Make sure to enable the pop-ups from eBN site.

- when the user revisits the topic in the course, the application will be prompt with a message yes/no as shown in the below screenshot.
- Based on user selection, application either resume the presentation from the last viewed slides or to start from the beginning.

6.7 Assessment:

After completing the lesson, users can take the assessment of a respective topic based on course criteria.

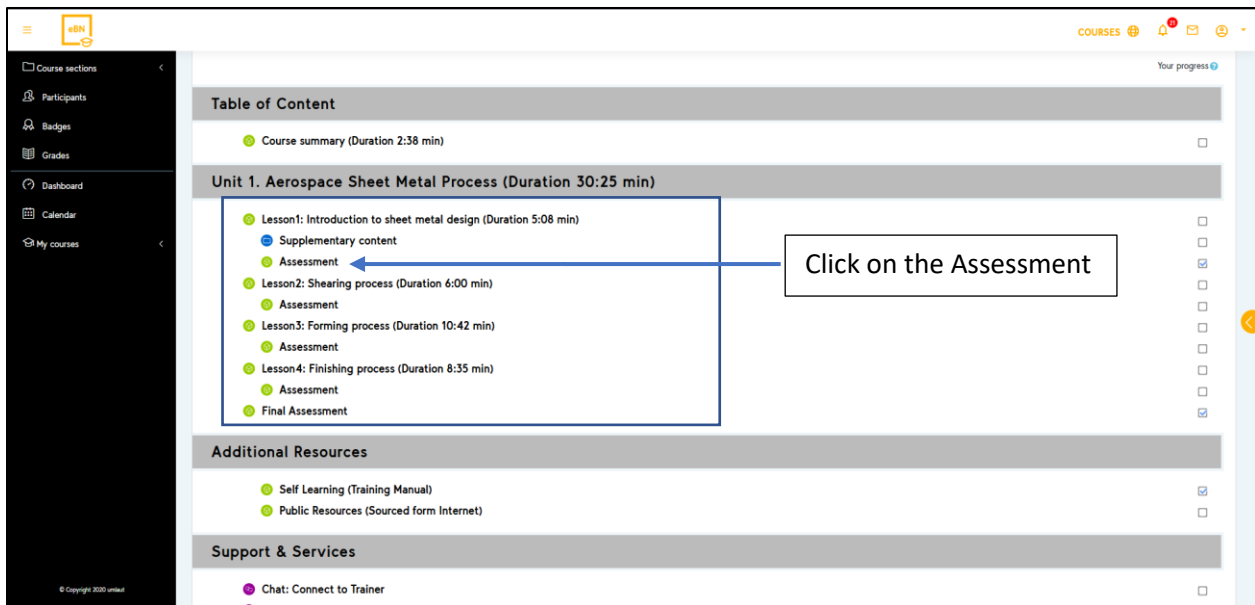

Table of Content

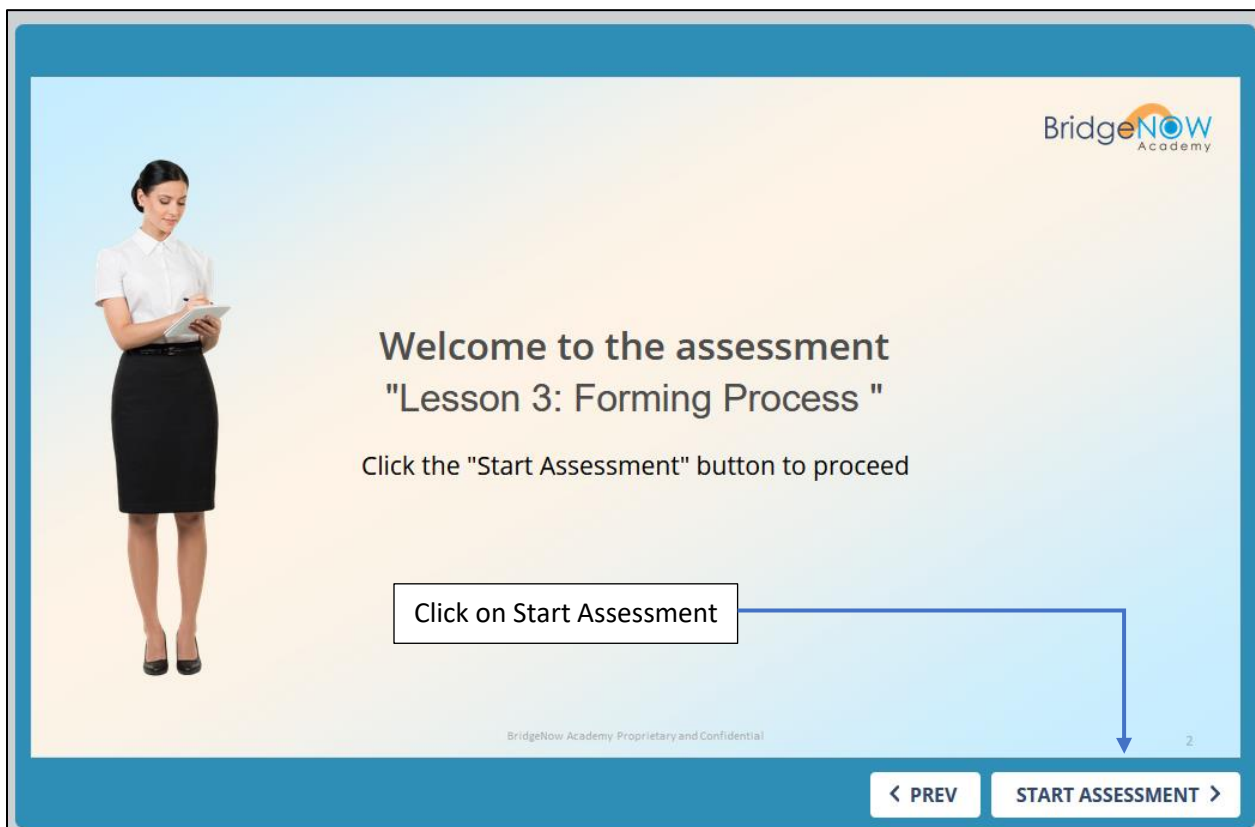

- Course summary (Duration 2:38 min)
- Unit 1. Aerospace Sheet Metal Process (Duration 30:25 min)**
 - Lesson1: Introduction to sheet metal design (Duration 5:08 min)
 - Supplementary content
 - Assessment**
 - Lesson2: Shearing process (Duration 6:00 min)
 - Assessment
 - Lesson3: Forming process (Duration 10:42 min)
 - Assessment
 - Lesson4: Finishing process (Duration 8:35 min)
 - Assessment
 - Final Assessment

Additional Resources

- Self Learning (Training Manual)
- Public Resources (Sourced form Internet)

6.8 Quiz:

Users may have a Quiz section under the course.

6.9 Assignments:

Students may have the assignments based on course type. Students can upload and submit their assignments along with the files like word, excel, images etc.

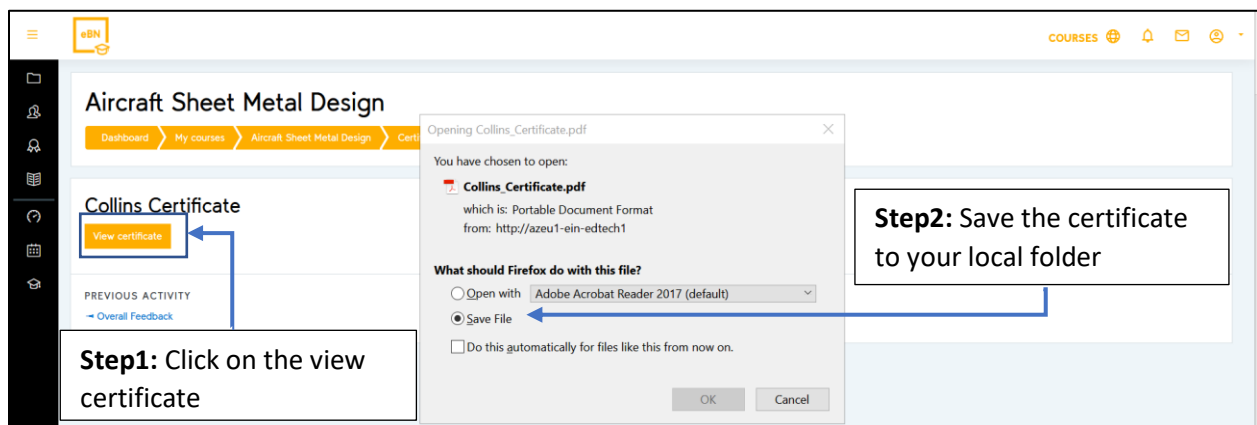

The screenshot shows the Moodle interface for an assignment titled "B1 Dec 20 -Aerospace Structural Design". The left sidebar contains navigation links: Course sections, Participants, Badges, Grades, Dashboard, Calendar, and My courses. The main content area displays the assignment details under the "Assignment" heading. The "Submission status" section shows: Submission status: Submitted for grading; Grading status: Graded; Due date: Monday, 25 January 2021, 12:00 AM; Time remaining: Assignment was submitted 26 days 11 hours early; Last modified: Tuesday, 29 December 2020, 12:32 PM. Below this, the "File submissions" section shows a submission by "login-list-12-28-20_09-17.csv" on 29 December 2020, 12:32 PM. At the bottom, there are buttons for "Edit submission" and "Remove submission", and a note: "You can still make changes to your submission."

User will receive the grade after evaluation from trainer.

6.10 Certificate:

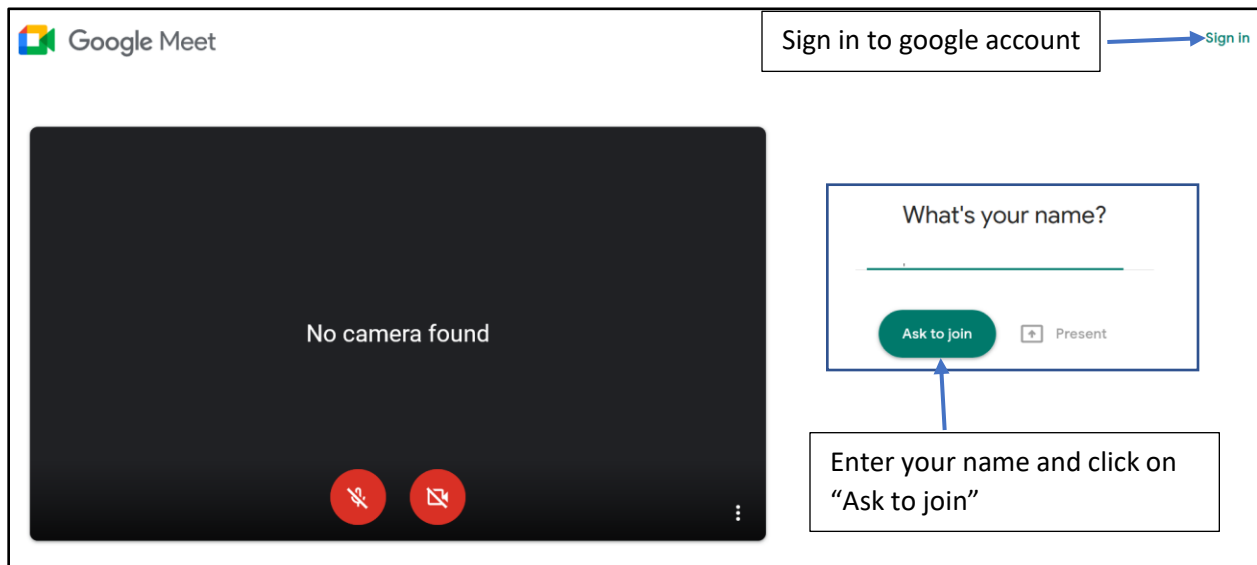

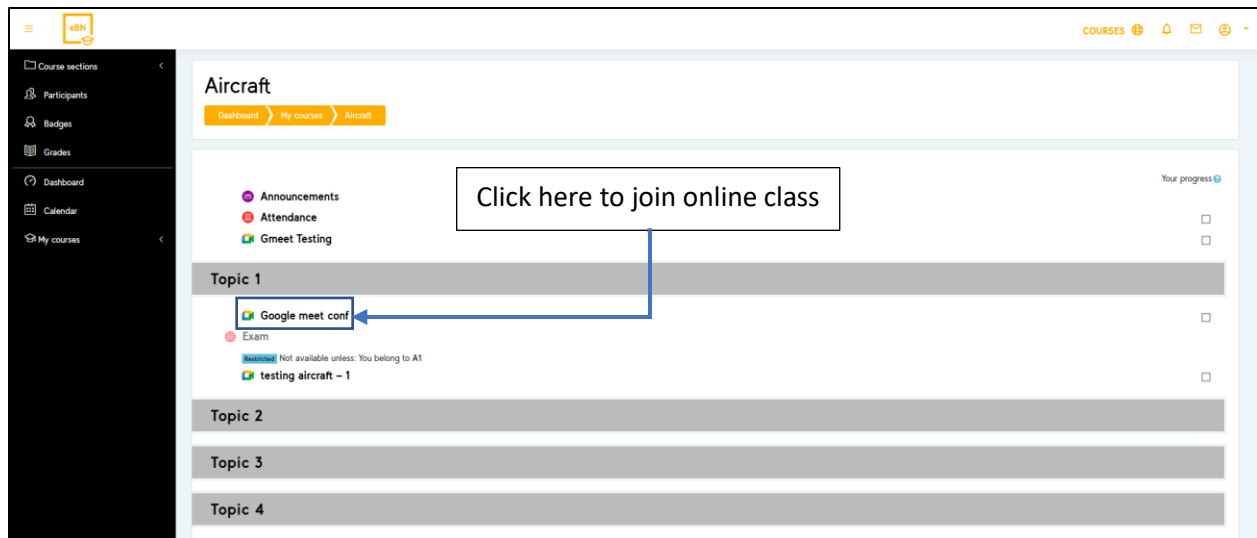

Once users complete the course and assessments, users would receive the course completion certificate.

The screenshot shows the Moodle interface for a certificate titled "Aircraft Sheet Metal Design". The left sidebar contains navigation links: Course sections, Participants, Badges, Grades, Dashboard, Calendar, and My courses. The main content area displays the certificate details under the "Certificate" heading. The "Collins Certificate" section shows a "View certificate" button. A blue arrow points from the "View certificate" button to a text box labeled "Step1: Click on the view certificate". Another blue arrow points from the "View certificate" button to a Firefox file dialog box. The dialog box shows the file "Collins_Certificate.pdf" and asks "What should Firefox do with this file?". The "Save File" option is selected. A blue arrow points from the "Save File" option to a text box labeled "Step2: Save the certificate to your local folder".

6.11 How to attend the online class:

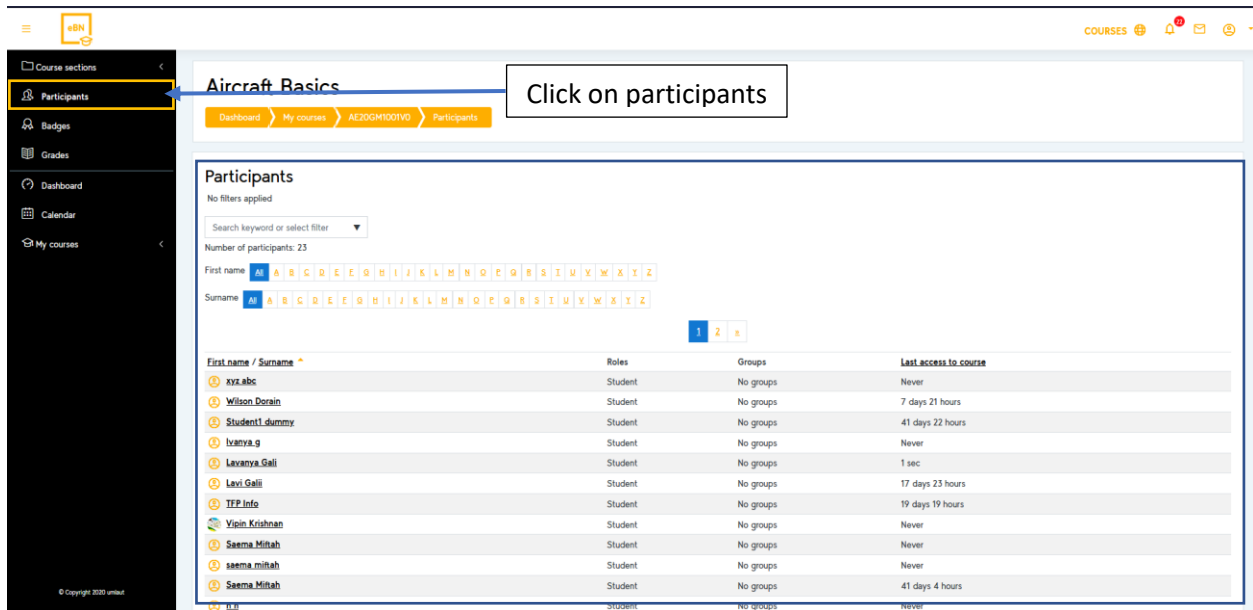

Under the course, users can find the google meet virtual class button. Click on the button and to login online class.

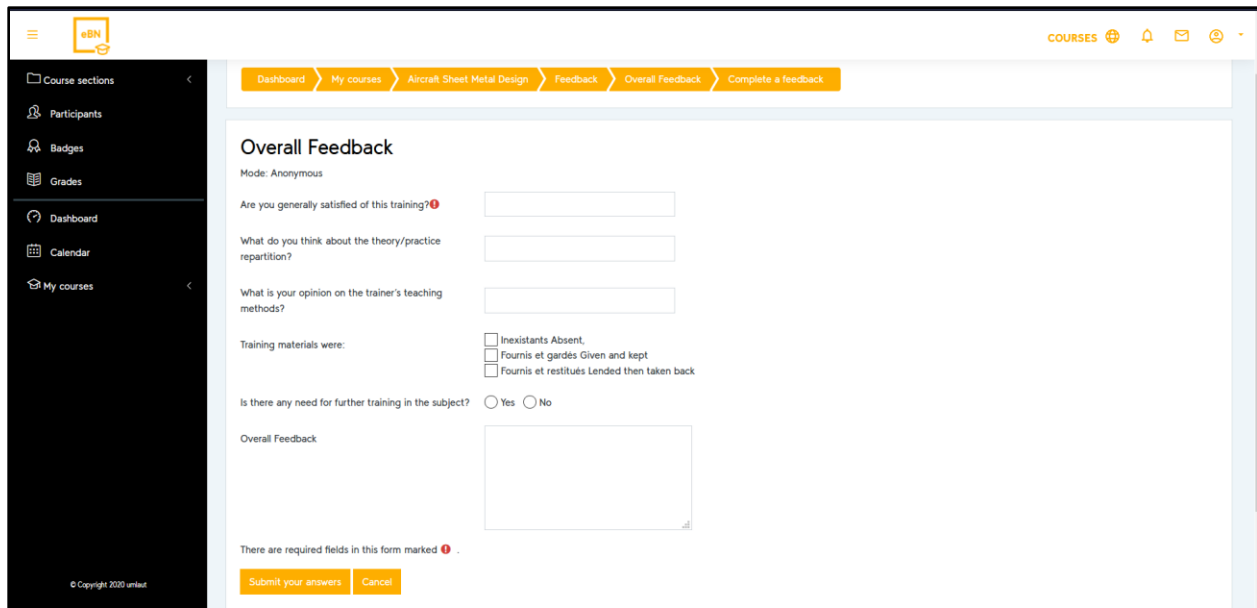

6.12 Participants:

Click on participants to view how many users are enrolled to this course.

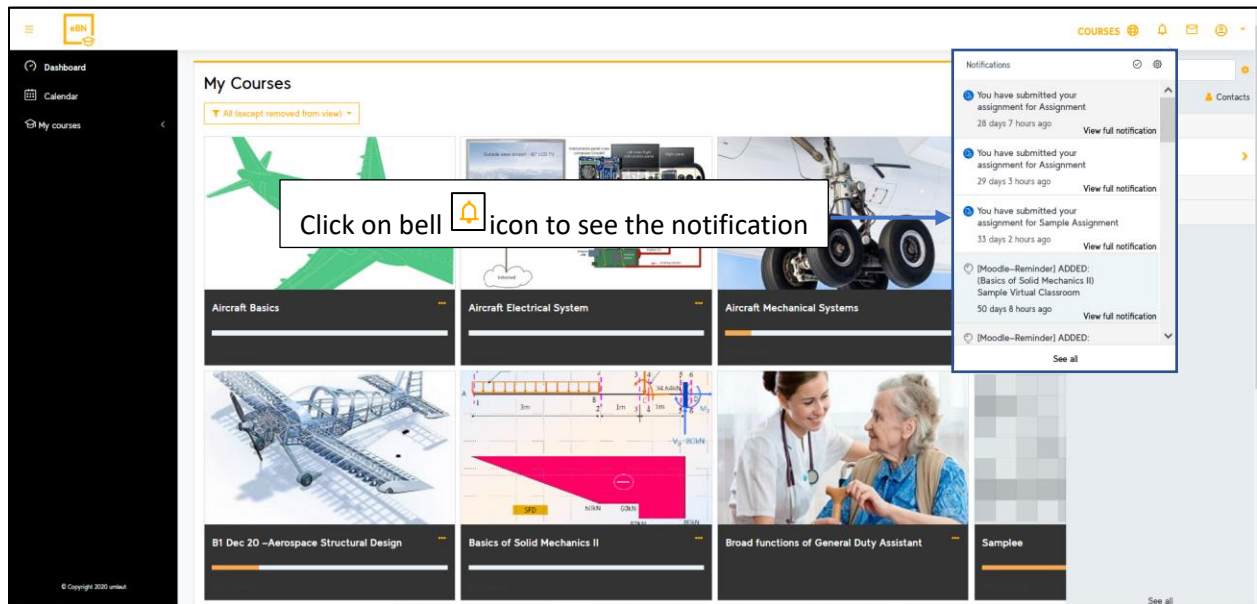

7.2 Notifications:

Users will receive the notifications reminders to complete the course within defined timelines under  icon.

7.3 Language

Click on globe  icon to change the application language (English) to regional language.
