# umlaut eBridgeNow

## Transforming the way we learn.

eBridgeNow is a learning platform that is built to manage all modes of training seamlessly and provides learners with an integrated & engaging learning experience.

It is a cloud-based platform for the administration, documentation, tracking, reporting, and delivery of training programs. The tool focusses on a better learning experience across geographical regions to enable skill on self-paced learning model & online training. It facilitates blended learning and Phygital (physical + digital) models. The solution can be hosted on latest cloud servers as well as On-Premises on client's server.

eBN offers the following:

- Phygital (Physical + Digital) training experience
- Easily customizable & adaptable
- eCommerce enabled to allow for cost allocation and tracking
- Responsive Design
- Role based dashboards for tracking
